Memo to File:

Re: Brush Wellman, Inc.
Topaz Mining Property
Juab County
ACT/023/003

Soil samples from the revegetation test plots were collected by Ron Daniels and Jim Smith on July 11, 1978.

A composite sample was taken from each subplot of the areas established on March 29, 1978, making a total of 16 samples to be analyzed by the Soils Laboratory at Utah State University.
